1 The Principals of Conduct, Ethics and Discipline Standards

1.1 Application

The purpose of BC Soccer is to foster, develop and promote the game of soccer, in all its branches, in the Province of British Columbia and;

- To govern the rules of play of the game of soccer in the Province of British Columbia
- To generally provide whatsoever other assistance is available to support and encourage the game of soccer in the province of British Columbia

BC Soccer is affiliated with the Canadian Soccer Association and is subject to their Rules and Regulations, our members and all participants in soccer are also subject to those rules. Our provincial governing body is ViaSport and we abide by their guidelines and the requirements of the BC Societies Act. BC Soccer will maintain all Rules and Regulations, which govern sanctioned soccer for all participants in the province. From time to time, Rules and Regulations may be enacted which apply only to Youth or to Adult Players.

The Conduct, Ethics and Discipline Standards and Policy (hereinafter referred to as the Standards and Policy) apply broadly across BC to any individual that participates in sanctioned soccer. Membership in sanctioned soccer is voluntary and those that do so agree to abide by the **Standards and Policy** or be subject to the disciplinary process of the association which means being subject to sanction by BC Soccer (the Association), its member districts and leagues or clubs. BC Soccer holds domain over discipline and may at its sole discretion undertake the discipline for any individual, district, league or club. It may also assign discipline to be undertaken at the district, league or club level.

It is useful to define the breadth of **individuals** (which includes but is not limited to: players, match officials, association officials, staff, spectators and team personnel), and **organizations** (which includes but is not limited to: teams, clubs, districts, leagues, members, associate members, associations, companies and any other temporary or permanent organizational participant). Players are divided between youth players and adult players.

- **Officials** includes any person, excluding players and spectators, performing an activity connected with soccer at the district, league or club, regardless of title, the type of activity (administrative, sporting or any other) and the duration of the activity. It includes, but is not limited to, all Directors, Officers, committee members, coaches, trainers, referees, assistant referees, fourth officials, match commissioner, referee inspector, diversity officer, the person in charge of safety, field marshals, event personnel, and any other person responsible for technical, medical and/or administrative matters as well as all other persons obliged to comply with BC Soccer rules, regulations, standards and policy.
- **Staff** includes any paid or volunteer person in a permanent or temporary position.
- **Team personnel** includes, but is not limited to, coaches, assistant coaches, guest coaches, managers, gender representatives, heads of delegation, medical or other personnel in a position of influence on the athletes.

Any breach of Standards and Policy may result in sanctions as described in the BC Soccer Discipline Sanction Policy. Affiliated District Associations, Leagues-in-Membership and Clubs shall ensure that their disciplinary rules, regulations, policies and procedures are consistent with those of the Association.

1.2 The Principles of Governing Behaviour

The purpose of Standards and Policy is to ensure a safe and positive environment by making all participants in soccer aware that there is an expectation, at all times, of appropriate behaviour consistent with BC Soccer's core values. BC Soccer supports equal opportunity, prohibits discriminatory practices, and is committed to providing an environment in which all individuals are treated with respect. The Standards and Policy is not intended to specifically outline every instance of misconduct. As such, misconduct not specifically listed in Standards and Policy that is not in line with expected behaviours as outlined in BC Soccer's Rules and Regulations, Rule 10 may still constitute a breach of the Standards and Policy and be subject to sanctions. Good sense and common decency must prevail as is intended by ethics and standards of behaviour.

Standards and Policy provide a common set of expectations and requirements in the applications of sanctions. A Disciplinary Committee decision may include educational sanctions, touchline suspensions, ground suspensions, administrative suspensions as well as tariffs, fines and bonds / bond forfeit and other such conditions that may be appropriate to the behaviour. In applying sanctions there is consideration for mitigating and aggravating factors as well as whether the sanction should be game-based or term-based. Sanctions should be consistent across all levels of the game for the category of misconduct. The Disciplinary Committee is tasked with carrying out what is best for the game and to provide learning and personal betterment opportunities to participants in soccer.

1.3 Disclosure

Any behaviour prohibited by this Standards and Policy that is observed must be reported confidentially and in writing to the Chair of the Disciplinary Committee. All parties should cooperate fully with the Discipline Committee as requested.

1.4 Natural Justice and Duty to Act Fairly

Standards and Policy of the Association follow natural justice which aims to eliminate bias and ensure the right to a fair hearing; extending this further, it is the **duty** of those administering discipline to **act fairly**. The duty to act fairly is meant to maintain the confidence of our members and stakeholders in the discipline system and in our ability to uphold the good of the game.

Standards and Policy seek to eliminate bias from the judiciary process, including to the extent possible actual bias, imputed bias or apparent bias. Every reasonable means available will be used to remove

bias from discipline. Anyone who is subject to discipline, prior to, through and after the hearing process, will be treated fairly. The right to a hearing is integral to the central tenet of a fair system of discipline. All individuals have the right to:

- 1) **A process free of bias:** the decision makers in a discipline or appeal committee are impartial and unprejudiced
- 2) **Prior notice:** includes advance access to pertinent information that identify the critical issues and contain sufficient information for respondents to be able to participate meaningfully in the decision-making process and enable an opportunity to respond
- 3) **Fair hearing:** the respondent is afforded a timely and reasonable opportunity to represent themselves in person at a hearing and the committee members genuinely consider the respondent's submissions in making the decision

A thorough investigation should always be carried out before the discipline chair makes a decision as to which charge or charges are to be issued. The opportunity for a hearing will be afforded for any charges for which greater than a one game additional suspension may be warranted above the automatic one game suspension; save for players charged with certain game-related offences which may be subject to automatic sanction as per the Sanctions Guidelines for players, where the player voluntarily forgoes their right to a hearing. Where the right to a hearing is waived or where there is a failure to attend a hearing, an indefinite suspension from all soccer related activities will be assessed until such time that a hearing is requested; unless the Discipline Chair decides there is sufficient evidence and reason to proceed.

1.5 Responsibility of Individuals Participating in Soccer

Those participating in sanctioned soccer have a duty and responsibility to conduct themselves appropriately respecting the F.I.F.A. Laws of the Game and as well as the rules of the clubs, leagues, districts in which they participate and of BC Soccer. These laws and rules are published and readily available. **Rule 10 Discipline of the BC Soccer Rules and Regulations clearly lays out BC Soccer's broad responsibility to ensure the proper conduct of all individuals involved in sanctioned soccer.** Namely:

a) The Board shall have the power to inquire into the conduct of any person or organization in the member's capacity as a player, team official, game official, team, Club, District or League, and may take disciplinary action where it is determined that a person or organization has:

- i) Violated F.I.F.A. Laws of the Game and/or the Association's game rules;*
- ii) Violated rules established from time to time by the Association governing the conduct of members on and off the field;*
- iii) Behaved in a manner considered by the Board to be unbecoming of a member registered with the Association;*
- iv) Behaved in a manner considered by the Board not to be in the best interest of the game of soccer or the Association;*
- v) Bet on any soccer match;*

- vi) *Attempted to offer, either directly or indirectly; any consideration whatsoever to another team, player or players of any other team, with a view to influence the result of the match;*
- vii) *Accepted consideration pursuant to clause vi);*
- viii) *Committed any act or made any statement either verbally or in writing, or been responsible for conduct, continuing misconduct or any other matter which, in the opinion of the Association, is considered to be unsporting, insulting or improper behaviour or likely to bring the game into disrepute.*

For clarity, the failure to abide by Standards and Policy is a breach of Rule 10.

Any individual involved in soccer may only take part in soccer, play games, or attend games on condition that they observe the F.I.F.A. Laws of the Game and the “Published Rules” of the BC Soccer and its member organizations. All individuals involved in sanctioned soccer are subject to discipline.

Every club and league is responsible for the actions of its players, team officials, administrators, spectators and all other participating persons. Every District is responsible for the actions of its clubs.

Every club, league and district is required to take all precautions necessary to prevent its players, team officials, administrators and spectators conduct themselves in an orderly fashion and refrain from any one or combination of the following: racist, violent, threatening, abusive, obscene or provocative behaviour, conduct or language whilst attending games and practices or taking part in any aspect of soccer. Off field activities such as comments in social networks, texts, emails, websites blogs, correspondence, bullying, gossip, misinformation, intimidation or any other such activity as related to soccer is subject to discipline whether directed at an individual participant, team or impacting the good of the game. The actual content, persistence, duration, distribution and degree of harm will determine the charge and severity.

All participants in soccer have a responsibility to:

- 1) Comply, at all times, with Canada Soccer’s and BC Soccer’s By-laws, policies, procedures, directives, and Rules and Regulations, as adopted and amended from time to time.
- 2) Work in a spirit of partnership to collaborate with all the stakeholders in soccer to align efforts to achieve our shared objectives as may be communicated from time to time in the Strategic plans of our parent bodies and of BC Soccer.
- 3) Resolve conflicts in a professional and civil manner on issues that may be in dispute.

- 1) Non-medical use of drugs or the use of performance-enhancing drugs or methods. More specifically, Canada Soccer adopts and adheres to the Canadian Anti-Doping Program. Any infraction under this Program shall be considered an infraction of this Code and may be subject to further disciplinary action, and possible sanction. The Member will respect any penalty enacted pursuant to a breach of the Canadian Anti-Doping Program, whether imposed by Canada Soccer or any other sport organization;
- 2) Associating with any person for the purpose of coaching, training, competition, instruction, administration, management, athletic development, or supervision of the sport, who has violated an anti-doping rule and is serving a sanction involving a period of ineligibility imposed pursuant to the Canadian Anti-Doping Program and/or the World Anti-Doping Code;

1.7 Free of Harassment

All participants in soccer will ensure that all activities are free from harassment and have responsibility to:

- 1) Refrain from any behaviour that constitutes harassment, where harassment is defined according to the Canadian Human Rights Commission¹ as a form of discrimination that involves any unwanted physical or verbal behaviour that offends or humiliates. Generally, harassment is a behaviour that persists over time. Serious one-time incidents can also sometimes be considered harassment.
- 2) Types of behaviour that constitute harassment include, but are not limited to:
 - a) Written or verbal abuse, threats, or outbursts;
 - b) The display of visual material which is offensive or which a reasonable person ought to know is offensive in the circumstances;
 - c) Unwelcome remarks, jokes, comments, innuendo, or taunts;

¹ <http://www.chrc-ccdp.ca/eng/content/what-harassment>

- k) Displaying or circulating offensive pictures, photographs or materials in printed or electronic form;
- l) Psychological abuse;
- m) Discrimination;
- n) Words or actions which are known or should reasonably be known to be offensive, embarrassing, humiliating, demeaning or intimidating;
- o) Behaviours such as those described above that are not directed towards a specific individual or group but have the same effect of creating a negative or hostile environment;
- p) Refrain from any behaviour that constitutes violence, where violence is defined as the exercise of physical force, that causes or could cause physical injury; an attempt to exercise physical force that could cause physical injury; or a statement or behaviour that it is reasonable to interpret as a threat to exercise physical force. Types of behaviour that are applicable to this section include, but are not limited to:
 - Verbal threats to attack;
 - Sending or leaving threatening notes or emails;
 - Making threatening physical gestures;
 - Wielding a weapon;
 - Hitting, pinching or unwanted touching which is not accidental or deemed to be generally accepted as a part of sport participation;
 - Throwing an object in the direction of someone; and
 - Blocking normal movement or physical interference, with or without the use of equipment viii. Any attempt to engage in the type of conduct outlined above.
- q) Refrain from any behaviour that constitutes sexual harassment, where sexual harassment is defined as unwelcome sexual comments and sexual advances, requests for sexual favours, or conduct of a sexual nature. Types of behaviour that constitute sexual harassment include, but are not limited to:
 - Sexist jokes;
 - Sexual violence;
 - Display of sexually offensive material;
 - Sexually degrading words used to describe a person;
 - Inquiries or comments about a person's sex life;
 - Unwelcome sexual flirtations, advances, requests, invitations or propositions;
 - Inappropriate sexual touching, advances, suggestions or requests;
 - Unwanted physical contact including, but not limited to, touching, petting, pinching, or kissing; and
 - Physical or sexual assault.

1.8 Consecutive, Additive and Progressive Discipline

Probationary, suspended or concurrent sentences are not permitted. Discipline is meant to be consecutive, additive and progressive. Multiple misconduct regardless of category results in progressive discipline (even if heard at one hearing). The tenet is that for every incident of misconduct or escalation in conduct subsequent to the initial action (e.g., persistent protest after an expulsion, or failure to leave the playing area), the degree of suspension steps up progressively. Each new action is separate and distinct from the previous attracting its own potential discipline at potentially the next level of discipline. **Discipline of players and team officials recognizes that progressive discipline should be ameliorated based on the specific offences and the recognition of the competitive nature of soccer play.**

At hearings the considerations are for the actual actions of misconduct and not necessarily limited to the contents of a referee report or actual complaint. Discipline is based on actions carried out and supportable by written evidence or via investigation. All forms of available evidence may be considered at the discretion of the disciplinary panel chair including but not limited to:

- Referee reports
- Reports by any other official
- District, League or club reports
- Victim evidence
- Witness testimony
- Social media
- News reports
- Picture and video
- Past history
- References

The concept of additive discipline is in force where there are multiple incidents of misconduct, in a single game situation, or over a period of time.

Discipline panels have the obligation to be reasonable in the application of suspensions and ensure that level of sanction is appropriate to the misconduct. Circumstances must be considered as well as the opportunity for education or other sanction. Sanctions of individuals must consider what is best for the sport and where reasonable may have allowance for transfer of duties, activity under supervision or limited participation under a clearly defined scope. Mitigating and aggravating factors may lessen or increase the type, length and breadth of sanction. For players, the application of progressive discipline recognizes soccer is a competitive game and that not all offences are treated equally; nor do they attract the same level of progressive discipline.

- 1) First offences are provided a sanction in accordance to the guidelines for a first offence.
- 2) Second offences are provided a sanction in accordance to the guidelines for a second offence; even if such offence happens immediately following the first offence. The second offence thus being an escalation, continuing dissent or prolongation and as such is aggravating.

- 3) Third offences are provided a sanction in accordance to the guidelines for a third offence; even if such offence happens immediately following the second offence. The third offence thus being further escalation, continuing dissent or prolongation and as such is aggravating.
- 4) Notwithstanding a), b) or c) if the Discipline Committee believes there is just cause, they may issue any such sanction within the limits for egregious acts of misconduct according to the guidelines for the offence or offences; to be determined by the Discipline Committee up to any term including lifetime suspension.
- 5) Fourth Offences may be sanctioned in a manner to be determined by the Discipline Committee up to any term including lifetime suspension.
- 6) Notwithstanding a), b), c), d) or e) the Discipline Committee can with cause sanction any person or individual for any term including lifetime suspension if it is determined to be in the best interest of the game.

1.9 Impartiality and Consideration of Mitigating and Aggravating Factors

Discipline is carried out impartially. Discipline committees focus on the evidence before them and apply the appropriate sanctions, suspension or fines in accordance to the severity, impact and potential implications of the misconduct fully considering any mitigating or aggravating circumstances. The misconduct as reported may not be what a discipline panel ultimately issues sanctions for; the actual hearing will determine what the alleged misconduct is and sanction as they deem appropriate.

The discipline guidelines and suggested sanctions accommodates the range of participant type and misconduct and allows for grading of some misconduct as low, middle or high in consideration of the mitigating and aggravating factors. **It is possible that following the hearing of the evidence and considering the mitigating and aggravating factors a Discipline Committee may deviate from the recommended sanction with valid reasons.** This deviation applies particularly where the misconduct is considered egregious in nature and well outside the range of acceptable behaviour or where the respondent has fully accepted blame and taken actions to remedy their actions. The rationale for deviation should be documented and supportable.

Where the guidelines stipulate a minimum sanction for a given misconduct a Discipline Committee should not go below this threshold without providing for alternate sanction such as educational requirements or strong mitigating factors. Should a Discipline Committee deviate from the recommended sanction and sufficient evidence is not provided to support the decision the chances of an appeal being filed and successful are increased. Game officials are encouraged to report on mitigating and aggravating factors. Aggravating and mitigating factors should not be considered when deciding the accountability of the offence, only the application of the sanction.

Mitigating factors may include:

- Previous good record
- Acting under direct provocation

- Low severity
- Non initiation or no intent
- Personal and medical issues
- Educational result or event has enlightened participant
- Level of apology and actions of recovery
- Accepting blame, showing remorse and independently seeking to remedy

Aggravating factors include

- Premeditation
- Targeting individuals
- Bullying
- Prolongation, persistence and repetition in words, action and violence
- Harm or injury rendered and intent to injure
- High severity
- Previous poor record
- Phases of the incident in a game or administrative actions
- Position of participant
- Lack of Remorse

1.10 Misconduct against Youth by Adults

Clubs, district and league Discipline Committees may either hold their own hearings or request that reports of misconduct against youth by adults for the following be referred directly to BC Soccer:

- Dissent towards youth official
- Offensive, insulting or abusive language and / or gestures to a youth, youth official or in the proximity to youth
- Use of profanity to a youth, youth official or in the proximity to youth

In forwarding the request to BC Soccer it will attract sanctions of greater severity with the high likelihood of being seen as aggravated or serious. In most cases there will be an immediate sanction from all soccer related activities once the alleged misconduct is known.

BC Soccer will handle directly all misconduct against youth by adults that includes but is not limited to:

- Consuming alcohol or drugs or smoking in proximity to youth
- Being under the influence of alcohol or drugs while in the proximity of youth
- Threatening remarks to a youth
- Improper or unwanted physical contact with a youth
- Coercion, suggesting, facilitating, or demanding youth to undertake unethical activity or breaks rules

- Harassment or bullying of youth
- Sexual innuendo, request for sexual favours or any sexual contact with youth or in the proximity of youth
- Lewd or improper behaviour towards youth or in the proximity of youth
- Endangerment of youth
- Failure to provide a safe environment for youth
- Failure to protect youth

Where such misconduct may be considered a crime it will be referred to the police. Districts, leagues and clubs are accountable for the behaviours of their players, teams, officials and spectators and may be sanctioned.

1.11 Appropriate Sanctioning

Sanctions against an individual should be appropriate and proportionate to the misconduct with adjustment for mitigating and aggravating factors.

Where game suspensions are appropriate, as for a player or a team official (e.g., coach) then the sanction should be either touchline suspension (no interference in the game and spectating from a distance) or ground suspension (which restricts all participation with the team while the suspension is in force). A term suspension is appropriate for game officials (e.g., referees) and association officials (e.g., individuals who hold a director or paid position in a club, district or league) and would include touchline, ground and administrative suspension (a ban from all soccer-related activities while the suspension is in force).

It is important for game officials and association officials to understand that the evaluation of their alleged misconduct in on-field and game behaviour is directly tied to their roles as officials and cannot be detached. The claim that they were acting as a player, team official or outside their official role is not a valid defense or a mitigating factor, in fact, their role as an official is an aggravating factor.

The conditions of a suspension should not be modified, delayed or interrupted to allow for certain activities or disallow others unless it can be shown that the modification is for the good of the game and the suspension remains a just and reasonable deterrent. Modification should include other ameliorating conditions such as educational elements.

Term suspensions should be assessed for cases where the seriousness of the misconduct is considered high and where the offence is exceptional; and when the offence is committed by a director, committee member or staff member.

- Assault against a match official
- Misconduct against a youth by an adult
- Combinations of violent conduct, serious foul play, threats, indecent behaviour, abusive

language

- Where there is negative reference or discrimination to any one or more of the following: ethnic origin, colour, race, nationality, gender or sexual orientation
- Failure to report misconduct

Other than for the one game automatic suspension, sanctions are initiated the day the decision is made available to the respondent; either at the hearing or within ten working days of the hearing. Failure to comply with the terms of a suspension is a serious offence and attracts additional sanctions. Similarly, failing to leave the field of play or reentering the field of play after an eviction by a referee is a serious offence and subject to additional sanction at the time of hearing.

Ultimately, discipline panels should consider what is best for the game and for participant development when sanctioning.

1.12 Immediate Suspensions

In ensuring the integrity of the game an immediate suspension must be imposed on receipt of a report for the following misconduct:

- 1) Offences of moral turpitude
- 2) Any offence by against a youth by an adult
- 3) Game official assault by a player, team official, administrator or another game official
- 4) Where there is valid concern that there will be continued harm to the good of the game
- 5) Where there is valid concern for public safety or harm to individuals
- 6) Where a criminal charge has been laid

BC Soccer has the right to suspend any participant subject to the outcome of a hearing and such suspension will be as per the established guidelines set out and approved by the BC Soccer Board as amended from time to time. **In cases where a person has been charged in criminal court with offences of moral turpitude or charges that the panel believes effect the ability of the participant to effectively participate in soccer without risk, the charged individual shall be suspended from all soccer-related activity until the case(s) has been concluded in criminal court.**

1.13 Ineligible and Illegal Players

1. Ineligible or illegal players are those who are:
 - a. Not properly registered with the Association
 - b. Playing on a team they are not registered with
 - c. Playing under a false name or address
 - d. Not the correct age
 - e. Registered with more than one team; unless exempted by the Association
 - f. Playing under suspension

2. An ineligible or illegal player is subject to discipline as is the team and registering organization.
3. Knowingly registering or playing an illegal player, or failing to suitably check the eligibility of an illegal player is subject to discipline.
4. If a team is found guilty of playing an illegal player the registering organization may forfeit all of the games in which the illegal player, and / or team played

1.14 Educational Sanctions

Particularly for youth players, educational sanctions may be considered and encouraged where a learning outcome may be likely. Examples would include anger management, referee courses, introduction to coaching, and cultural diversity / sensitivity. The requirements to attend would be set out by the Discipline Committee. Letter of apology or statements of personal learning and resolution to changed behaviour may be considered as well. Educational sanctions may be in lieu of or reduce game and term suspensions or be a condition of reinstatement.

1.15 Referrals of Discipline and Discipline on Behalf of BC Soccer

An organization which has jurisdiction may refer a misconduct incident to its Governing Organization, including BC Soccer. If the Governing Organization determines that the referral is valid, it shall handle the case. If the Governing Organization determines that the referral is not valid, the case shall be handled by the organization with jurisdiction for that misconduct type. Egregious acts can be referred to BC Soccer for hearing and bear provincial sanctions. Similarly, BC Soccer may extend the jurisdictional sanctions and suspensions provincially. **All misconduct of a district, club, league or association official (director, committee member or staff member) shall be heard by BC Soccer.** BC Soccer at its discretion may authorize a discipline panel to hear the misconduct cases of a district, club league or association official on behalf of BC Soccer.

1.16 Discipline Committees

The Chair of a Discipline Committee is appointed by BC Soccer, a District Association or League-in-Membership or Club. Discipline Chairs must familiarize themselves with the Standards and Policy and the Discipline Sanction Policy. A Discipline Committee has a responsibility to investigate any formal complaint brought to their attention or on information that becomes available to it that is indicative of misconduct. A Discipline Committee will consist of the Discipline Chair and two other members, who may be either appointed or elected. A Discipline Committee is charged with the obligations to:

1. Uphold the principles of natural justice and duty to act fairly.
2. Ensure that the meeting process is free of bias, impartial and unprejudiced.
3. Provide adequate prior notices of hearing that identify the critical issues and contain sufficient information for respondents to be able to participate meaningfully in the decision-making process.

4. Ensure a fair hearing where the respondent is given a reasonable opportunity to represent themselves in person.
5. That the committee members genuinely consider the respondents submissions in making decisions.
6. Inquire into all allegations of misconduct and to hold hearings when necessary.
7. To conduct such hearings in accordance within the provisions of the BC Soccer Discipline Rules and the discipline policy and procedure regulations as may be updated from time to time.
8. To appoint discipline hearing committees as may be required from time to time to deal with specific issues.
9. To determine the disposition of all discipline matters brought before the committee.
10. Meet in accordance with a schedule as established by the Association and District Association or League-in-Membership or Inter-district League.
11. Keep a written record of decisions rendered.
12. Shall report the decisions of the District Association or League-in-Membership in accordance with committee reporting policy.
13. All committees, District, Inter District or League shall report all decisions to the Association, by the on-line reporting system or as otherwise specified by BC Soccer and shall retain all records of discipline hearings for a period of seven years.
14. Each season, every District, League or Inter-District League or combination of either through interlock, shall forward the name and contact information of the chairperson and members of their Discipline Committee to the Chairperson of the BC Soccer Judiciary Committee as soon as such names is available.
15. At the end of each playing season, every District, League or Inter-District League or combination of either through interlock, shall forward a report of discipline issued to the Chairperson of the BC Soccer Judiciary Committee.

1.17 Appeals

12 Consideration for Participant Classes

12.1 Directors, Committee Members and Staff

While ignorance of the Laws of the Game or of the rules is not a defense, depending on the nature of the charge, it is viewed that a participant in a position of authority or trust is held to a higher standard when going beyond the norms of proper behaviour; i.e. behaving in an unsporting manner or not in the best interest of the game. Notably directors, committee members and staff should be aware of various rules, regulations, guidelines, programs and expectation within the soccer playing and administrative environment; and indeed, are charged with upholding and defending the same. Failure to act properly can be tantamount to unsporting or unethical behaviour and brings the game directly into disrepute and lead to charges. BC Soccer, District, League and Club Directors, Committee Members, and Staff must:

- 1) Comply and be familiar with the various governance documents that apply to their responsibilities;
- 2) Act with honesty and integrity and conduct themselves in a manner which maintains the confidence of Members and other stakeholders;

- 10) Ensure that Members are given sufficient opportunity to express opinions, and that all opinions are given due consideration and weight;
- 11) Respect the decisions of the majority and resign if unable to do so; and
- 12) Commit the time to attend meetings and be diligent in preparation for, participation in, and follow-up from such meetings.

12.2 Team Personnel

The team personnel-athlete relationship is a privileged one and plays a critical role in the personal, sport, and athletic development of the athlete. Team personnel must recognize the power inherent in the position of team personnel and respect and promote the rights of all participants in sport. This is accomplished by establishing and following procedures for confidentiality (right to privacy), informed

participation, and fair and reasonable treatment. Team personnel have a special responsibility to respect and promote the rights of participants who are in a vulnerable or dependent position and less able to protect their own rights. Team personnel must also:

- 1) Ensure a safe environment by selecting activities and establishing controls that are suitable for the age, experience, ability, and fitness level of the involved athletes;

Players are the most visible representatives of the sport and must do their part to uphold the integrity of soccer. Players must:

- 12) Be fair, equitable, considerate, independent, honest, and impartial in all dealings with others; and
